

HISTORY & CAPABILITIES STATEMENT

Founded in 1993, **Luminosity Supply & Solutions** is a certified woman owned lighting distributor and supply management company. We are manufacturer-neutral, so our focus is entirely on sourcing reliable, high quality, high efficiency, and cost-effective products. We design solution-oriented packages around our client's goals, using a combination of industry experience, manufacturing partnerships, and logistical capabilities. We provide warranty administration, supply management and recycling. Luminosity Supply is skilled at claiming utility and manufacturer rebates for individual lighting purchases and lighting projects.

Luminosity Supply & Solutions is CERTIFIED M/WBE, SBE, DBE with the City of Denver, RTD and WBENC

Markets served: Commercial, Multifamily and Government

PRODUCT SALES – LED, Energy efficient lamps, ballast, controls, fixtures, electrical products, light poles, digital message centers, LED Signs, COVID-19 Resources & Products and EV Charging Stations.

CONTROLS – We offer a wide range of control solutions for commercial applications, including lighting control panels, occupancy sensors, automatic daylight controls, bi-level HID controls, DALI dimming controls, and plug load controls. Residential controls include architectural wiring devices, wireless RF controls, motion sensors and code-compliant vacancy sensors.

DIGITAL DISPLAYS – Through our powerful partnerships with elite digital sign manufacturers we offer our clients indoor and outdoor digital message centers, sports video displays and fixed-digital scoreboards.

RESIDENTIAL LIGHTING FIXTURE PACKAGES – We can customize decorative energy efficient lighting packages for multifamily units, apartments, base housing, and green buildings.

EMERGENCY LIGHTING – We stock a broad selection of commercial and industrial life safety and innovative emergency lighting products. We also have self-diagnostic units, energy-saving exit signs, hostile environment equipment and AC inverter power systems.

UV/GERMICIDAL PRODUCTS & HEALTHY WORKPLACE SOLUTIONS – UV Germicidal Disinfection Light Fixtures, Thermal Scanners, Personal Protective Screen Barriers (Sneeze Guards)

REBATE PROGRAMS – We are actively involved with the Xcel Energy rebate programs and can assist customers with taking advantage of these incentives.
